

Marko R. Farian, D.D.S.
Member Academy for Sports Dentistry
Farian Cosmetic & Family Dentistry
503 East Aurora Road
Macedonia, Ohio 44056
(330) 468-0980

Dr. Marko Farian has agreed to volunteer his time and services to make all athletic members of the Nordonia High School Sports Team custom fitting Sports Guards for the upcoming athletic season.

Custom Sports Guards have many advantages over stock or *boil and bite* mouth-guards. Each custom Sports Guard is made to fit the individual athlete and offers greater protection from concussions or tooth trauma.

Although nothing available offers 100% protection, custom Sports Guards are what professional athletes choose, and what college athletes across the country have provided for them. The American Dental Association also recommends them.

This letter will serve as a signed release, which will be required for each athlete prior to Dr. Farian making the Custom Sports Guards.

By signing this release I agree not to hold Marko Farian DDS, LLC, responsible in the unlikely event of any injury that may arise.
